Profile

I graduated from ITB STIKOM Bali with a major in Information System. Over the past two years, I have accumulated valuable experience in front-end web development. A strong passion and commitment drive me to continue looking for new opportunities to expand my knowledge in social skills and programming. I always maintain a humble attitude, have a strong sense of responsibility, and highly self-motivated. Apart from that, I also have good adaptability, enthusiasm for work, and a solid work ethic.

Skills

- React & Angular
